

MAKING A DIFFERENCE

Supporting Our Communities

We recognize our dual role as a trusted provider of financial services and steward to our communities. We have a responsibility to use our talent, skills, and resources to create a positive impact in those communities. Our team of professional bankers engage in relationships with our customers to bring value to every interaction. Whether our employees are providing financial services, teaching financial literacy, volunteering at events, serving on a board or donating to wear jeans on Friday, giving back to our communities is making a difference.

Supporting Local Businesses

959
PPP LOANS

As COVID-19 continued to impact the economy, small business owners were concerned about the financial stability and future of their business. As an approved Small Business Administration (SBA) lender, Shore United Bank once again quickly responded to make second round Paycheck Protection Program (PPP) loans available to small businesses in our communities. In 2021, we funded 959 PPP loans representing \$67 million. In total we've provided over \$197 million to support local businesses through the PPP.
